## Program manager Wing & Empenage (m, w, d)

<b>Place of work</b>	<b>Contract Type</b>	<b>Job Number</b>	100003028
Oberpfaffenhofen, DE	Permanent, AÜG	<b>Work start:</b>	asap

**Your tasks at an independent European supplier and manufacturer for the aerospace industry**

**We are looking for a proactive, flexible and responsive person who has very good conceptual, analytical and leadership skills to lead the project to success.**

### Your Day-To-Day:

- Overall leadership, direction and guidance of all facets of your assigned programs, projects and/or control accounts in airframe
- Responsible for the communication, cost, schedule and technical performance of your teams to ensure successful program execution incl. develop and monitor program KPIs
- Define, secure, organize and direct staff, resources, standards, processes, procedures and tools essential for the successful completion of a program
- Resolve conflicts, demands and priorities on assigned programs
- Work unplanned program issues to a best solution, including development of plans-forward, escalation and increased resources, as required
- Establish and maintain effective working relationships with engineering, operations, contracts, subcontracts, finance, security, staffing, and procurement
- For supplier program management, responsibilities will focus on managing the cost, schedule and technical performance of key vendors

### Your Profile

- Master or Bachelor in Engineering, Business & Administration or equivalent
- 5+years of relevant aerospace industry experience
- Recorded knowledge & skills of project management, e.g. PMP certification or equivalent
- Ideally sound experience in managing the project phases of development & integration for aircraft airframe components
- Demonstrated track record of successfully leading engineering, development, test and certification projects > \$15M
- Demonstrated knowledge of, and experience implementing, EVMS, Risk & Opportunity Management, and IMS tools and processes (Microsoft Project is a plus)
- Supplier program manager roles additionally require experience successfully managing vendors - generating SOWs, evaluating proposals, performing source selections, evaluating and leading the cost, schedule and technical performance of suppliers
- Strong written and oral communication skills and leadership experience
- Analytical and problem-solving skills

# Notes on the application procedure and data protection

## **Have we aroused your interest?**

We look forward to receiving your application documents consisting of a cover letter stating your earliest possible starting date, curriculum vitae, references, training certificates as well as your highest school leaving certificate and university degree.

Please send your application documents together with the completed applicant questionnaire exclusively electronically by e-mail to our recruiting team at [job@eadco.com](mailto:job@eadco.com).

## **The right job was not yet in our job advertisements?**

Feel free to send us a spontaneous application. We are constantly expanding our talent pool of specialists in the fields of engineering, mechanics, electronics, research, product development, project management, administration and information technology. You can find further interesting job offers here: <https://www.eadco.com/de/karriere/jobangebote/>

## **What happens to your personal data?**

As a personnel service provider, EADCO GmbH processes your personal data for the application process automatically, mechanically or manually in accordance with the requirements of the General Data Protection Regulation (DSGVO) and forwards the posted data to potential employers in the form of an application profile. The information on the processing of personal data (contact data as well as career and personal data) including special categories of personal data in the context of an online application can be found in the data protection declaration on our website at <https://www.eadco.com>. By sending us your application documents in response to this job advertisement or an unsolicited application, you declare your consent to the processing of your personal data for the purpose of carrying out an application procedure (in the case of a direct application) and/or for comparison with current job requirements (in the case of an unsolicited application). (in the case of a spontaneous) application. You can revoke your application at any time and without giving reasons to [datenschutz@eadco.com](mailto:datenschutz@eadco.com). In the event of a revocation, your data will not be used for further applications; your profile and any existing applications will then be deleted from the system, taking into account the legal requirements (e.g. legal obligations to provide proof and to retain data).
